## PRESS RELEASE

### **FGDP(UK) Rewards The Dental Directory for Years of Support**

The Faculty of General Dental Practice (UK) has presented a plaque to The Dental Directory in recognition of the company's significant support over several years. This is the first time the Faculty has acknowledged the support of a corporate sponsor in this way.

Gordon Mills, the Chairman and founder of The Dental Directory, accepted the plaque from the FGDP(UK)'s Dean, Mike Mulcahy, during the Faculty's Annual Dinner, which itself has been singularly sponsored by the company for the past five years. The Dental Directory is one of several sponsors of the FGDP(UK)'s new flagship educational programme, *Key Skills in Primary Dental Care*, which was launched this summer. The company also designs and prints the Faculty's newsletter, *First-Hand*, and facilitates many of the Faculty's central and divisional events through financial and in-kind support.

In his presentation speech, Mike Mulcahy expressed his pleasure at working with representatives of The Dental Directory, including the company's Managing Director and Sales and Marketing Manager; "*Martin Mills and Mike Volk are always fun to be around and this is probably a reflection of the company's success.*"
